BAUER AG: Prof. Dr. Peter Bömelburg elected Chairman of the Supervisory Board

Schrobenhausen, Germany – BAUER AG has a new Chairman of the Supervisory Board: Prof. Dr. Peter Bömelburg was elected to this position effective March 25, 2026. He succeeds Prof. Dr. Bastian Fuchs, who had held the chairmanship since late 2023 and recently stepped down from his mandate at his own request.

Prof. Dr. Peter Bömelburg (born in 1964) studied business administration at Friedrich-Alexander University Erlangen-Nuremberg and earned his doctorate in consolidated financial statements and deferred taxes. His professional career is marked by many years of international consulting experience: From 1994 to 2024, he worked for the Nuremberg-based consulting and auditing firm RÖDL, initially in a managerial role; since 1998 as a partner and auditor; and since 2005 as managing partner. Starting in 2011, as a global partner, he focused on national and international RÖDL locations as well as advising owner-managed, internationally operating corporate groups. From 2019 to 2022, his responsibilities included the restructuring of the finance and tax function. Since January 2025, Peter Bömelburg has been working as an independent auditor and tax consultant with a focus on entrepreneurial families.

“We are very pleased that Prof. Dr. Peter Bömelburg has been elected Chairman of the Supervisory Board., a proven leader and an internationally experienced finance and tax expert, as Chairman of the Supervisory Board,” says Dirk Pförtner, Member of the Executive Board of BAUER AG.

Prof. Dr. Peter Bömelburg is also looking forward to his new role: “Bauer is an internationally positioned company with strong technological expertise and a solid market position. I look forward to actively supporting the company’s strategic development together with the Supervisory Board and the Executive Board.”

About Bauer

The BAUER Group is a leading provider of services, equipment and products dealing with ground and groundwater. The Group can rely on a worldwide network on all continents. The Group's operations are divided into three forward-looking segments: Geotechnical Solutions, Equipment and Resources. Bauer profits enormously from the collaboration of its three business segments, enabling the Group to position itself as an innovative, highly specialized provider of products and services for demanding projects in specialist foundation engineering and related markets. Bauer therefore offers suitable solutions to the world's greatest challenges, such as urbanization, the growing infrastructure needs, the environment, as well as water. The BAUER Group was founded in 1790 and is based in Schrobenhausen, Bavaria. In 2024, it employed about 11,000 people and achieved total Group revenues of EUR 2.2 billion worldwide.
